

Intellian® FB150

Compact Marine FleetBroadband Antenna Systems

Continuous GPS output

The continuous GPS output feature allows GPS data to be sent out via the RS232 port in standard NMEA 0183 format. With the built-in GPS module, the FB150 is able to provide accurate position information to on-board navigation systems such as plotters and radars.

Matching dome solutions

FB150 ships with an Intellian i1 dome as a standard, but various dome sizes are also available to match an Intellian i2, i3, i4 or i6 domes. Now you can select a perfectly matched dome for the best and balanced appearance on your vessel.

Reliable hardware

Operating on the Inmarsat FleetBroadband Satellite Systems and reliable mechanic construction approved to Intellian standards, you can be confident of both the quality of the equipment and the support behind it.

Primary Handset

The primary handset provides an intuitive user interface on a large 2" LCD and mobile phone type keys for making phone calls, texting SMS messages and accessing various configurations supported by the BDU.

Compact global maritime terminal

Weighing just 7.27lbs and 12inch high, the Intellian FB150 is a compact FleetBroadband maritime terminal.

Simultaneous voice and data access

With 150kbps data rates, FB150 provides simultaneous access to data services, voice and text messaging.
